

# Using ICT in Music Education

## Intermediate Questionnaire

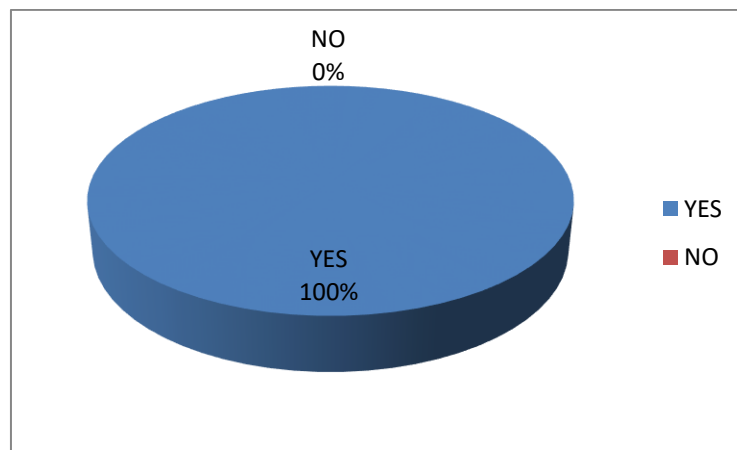

## 1. Do you understand the course objectives?

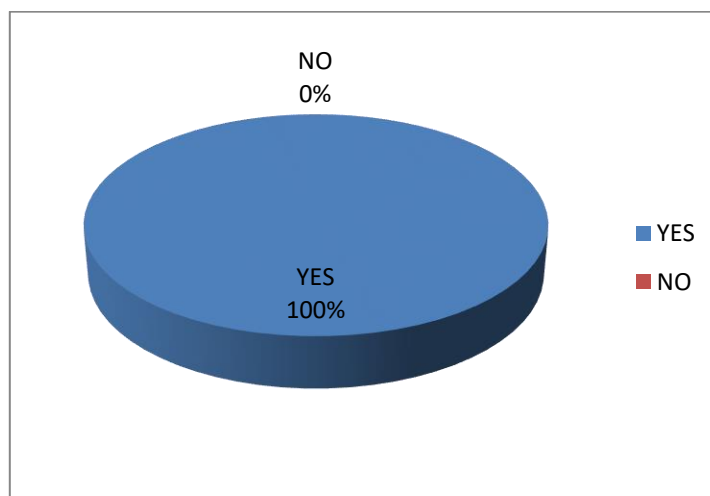

## 2. Do you believe you can meet the course objectives?

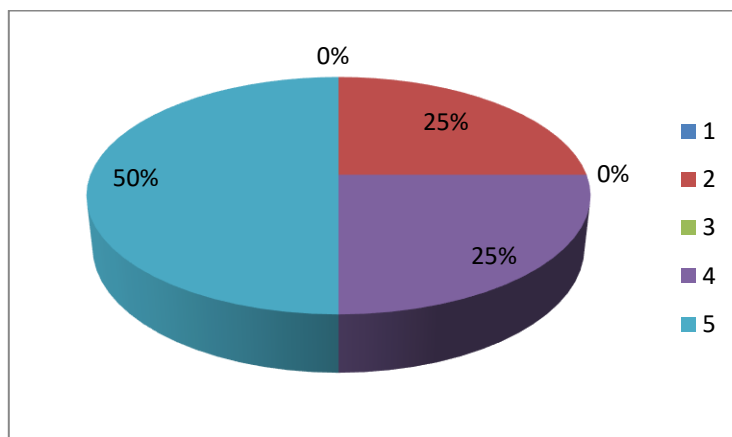

### 3. Do you believe you have sufficient time for completing the course?

### 4. Do you believe the learning environment is appropriate?

## 5. How satisfied do you feel from 1-5

### 6. Suggestions for improvements

1	The course is nice, Topics are fully covered
2	Everything is good, course is very well prepared.
3	To clarify the objectives of the course since the beginning - To be more consistent and concrete in the organization of the course (some of people that were interested on it lost the course because the course was postponed and due to some lack in the general organization)
4	I would like to spend more time is necessary for the last lesson because it is the best part in the course.
