Erasmus+

First day of meeting

Agenda item #1 Revision of the activities, outcomes with the contribution of all partners.

All delegates gave information about the activities that have been done so far on their side. A general check was done through the outcomes of the project.

Publication of the gathered information in project website.

The separate menus in the website of the project, had been checked one by one. Also the coordinator made a reminder of project visibility rules about using proper logos on the official papers.

Agenda item #2 Evaluation on the whole project, writing final report

At the end of the project process all outcomes should be uploaded to Erasmus+ Project Results Platform. So the project results will be shared in that Commission's database. Because the visitors will be directed to the project website all outcomes should be uploaded properly to the website with the contributions of all partners.

Second day of meeting

Agenda item #1: Preparation of final report with cooperation of the all partners.

Initiation of an open forum for any questions that may have arisen during the meeting.

Although the official version of the final report hasn't been published in mobility tool, the first questions from the previous form have been discussed. Each partner will add information about their activities and experience in each country and send the coordinator via email in written form. When the official one is published coordinator will share the form with the partners to finalize it.

A general evaluation was one with all delegates. According to the results we had all agreed that our project reached the goals in most aspects.

Agenda item #2 Visit to APPC – Vocational Education Centre in Conraria Farm and meet to the teachers and pupils at school.

Visit to Vocational Education Centre in Conraria Farm and meeting to the teachers and pupils at school was a great experience for the project team. We feel so grateful to them for hosting us in their magnificent school. As project team we had a chance to see their great work in their own place.
